SANTA MONICA

The full spectrum of care for bone and joint disorders.

When you are in need of comprehensive orthopaedic services, you can turn to us with confidence. With the combined resources of UCLA hospitals in Santa Monica and Westwood, premier outpatient clinics and ambulatory surgery centers, we offer the best available care.

- Our specialists have expertise in treating adults and children for virtually all musculoskeletal problems, including hip and knee replacement, shoulder injuries, spinal disorders, sports injuries, foot and ankle problems, and hand trauma
- Patients with bone cancer have access to top specialists in a dedicated, patient-friendly Orthopaedic Oncology Unit
- Our expert team helps patients find the optimal and most effective solutions for their musculoskeletal needs
- UCLA is home to the Orthopaedic Hospital Research Center, which brings together the two largest musculoskeletal research teams in the West — Orthopaedic Hospital and UCLA — to spearhead advances in orthopaedics and bring innovations into daily practice
